## Capability Statement

### Core Competencies

Cornerstone Contractor Group is a Service Disabled Veteran Owned Small Business that is a skilled procurement, logistics, and service organization that can assist in contracting for any Federal or State agency.

We are highly capable of providing product, service, and resources in the following areas

- Construction materials
- IT hardware products
- Office products, furniture, and Janitorial supply products
- Computers and peripherals
- Photography and Video equipment
- Printers, Ink, Toner and other accessories
- Paint, flooring, and concrete products as well as installation
- A variety of other needs including but not limited to landscape equipment, roofing materials, and construction equipment

### Differentiators

We provide simplified acquisitions with a personal touch that larger companies cannot provide.

With a combined experience in the construction and procurement industries of 50+ years we have the knowledge and relationships to secure the best pricing available as well as deliver to the client without issue

Our team can be reached at any time, on any day to suit the needs of our clients

Our reputation in the industry and with our clients is impeccable, and if there ever is an issue we take ownership, step up to the problem, and focus all our efforts on a solution until it is solved
